**NEW BUSINESS:**

- **Request to look at dangerous tree ordinance:** Zoning Administrator Heidi Tice presented what other municipalities have for their ordinances. She stated larger municipalities have the staff to monitor and handle an ordinance, but Laketon Township does not. ZA Tice mentioned would we there be liability if something should happen. She mentioned that a public property tree ordinance might be helpful and it would cover the public property in the township such as the parks and cemetery as well as possibly making the township eligible for grants. ZA Tice explained what the county road commission is responsible for with the trees as well as what Consumer Energy's responsibilities are. ZA Tice recommended looking into a public tree ordinance, in case we need one to get certain grants down the road. Eric Anderson asked Township Supervisor Kim Arter if it was worth having a public land tree ordinance just for the grants. Arter answered saying that we already stay up on the trees, removing the diseased and dangerous ones from the parks, cemetery, and bike paths. But it wouldn't hurt being able to have possible access to grants. Eric Anderson stated no to a private property tree ordinance, but yes for a public property tree ordinance based on it being beneficial for a grant. Suzanne Lockwood-Hayes feels no because we are rural and compared to the cities that have them. Paul Hoppa feels they don't have enough information to move forward. Bob Marine said yes based on the need for the grant. Paul Hoppa made a

motion for ZA Tice to bring a simple ordinance for a public property tree ordinance. Eric Anderson supported the motion. Motion carried by voice vote.

- **Shipping containers (Ocean/Train/Non-Wheeled):** ZA Tice presented the verbiage from Township Lawyer. Eric Anderson made a motion to set up a public hearing for storage containers/accessory building ordinance. Suzanne Lockwood-Hayes supported the motion. Motion carried by voice vote. ZA Tice asked when they would like the hearing to be? Eric Anderson made a motion to amend his previous motion to setup a public hearing for the storage containers/accessory building ordinance on January 15, 2026. Suzanne Lockwood-Hayes supported the motion. Motion carried by voice vote.
- **December Planning Commission Meeting:** After a short discussion with ZA Tice of what might be on the agenda, Chris Simpson made a motion to cancel the December PC Meeting. Suzanne Lockwood-Hayes supported that motion. Motion carried by voice vote.
- **2026 Planning Commission Meeting Dates:** ZA Tice presented the proposed 2026 meeting dates. Paul Hoppa made a motion to approve the 2026 PC Meeting dates. Dave Mieras supported the motion. Motion carried by voice vote.
